Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/about/licensing>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Contents

Acknowledgements	v
Abbreviations and acronyms	vi
Definitions	vii
1. Introduction	1
2. Aircraft disinsection products	3
3. Types of pesticide application and equipment	4
3.1 Guidance, standards and regulatory requirements	5
3.2 Aerosol application	5
3.3 Residual treatment	6
3.4 Personal protective equipment.....	6
4. Aircraft disinsection	7
4.1 Certification of aircraft disinsection	9
4.2 Residual treatment of cabin and cargo hold	10
4.3 Pre-embarkation cabin treatment	12
4.4 Pre-departure cabin treatment.....	14
4.5 Pre-departure cargo hold disinsection.....	16
4.6 On-arrival cabin and hold disinsection.....	20
5. Amounts of aerosol spray required for aircraft.....	23
5.1 General information.....	23
5.2 Commercial passenger aircraft	25
5.3 Small jets, regional and private aircraft (including private helicopters).....	25
5.4 Military aircraft	25
5.5 Freighters	26
6. Estimation of amounts of residual spray required for aircraft.....	27
6.1 Calculations for specific areas.....	27
6.2 Amounts of residual spray in aircraft	32
References.....	37

ANNEXES

1. Examples of pre-embarkation cabin treatment by aircraft type	40
2. Examples of pre-departure cabin treatment by aircraft type	42
3. Amounts of aerosol spray required by aircraft type	44
4. ICAO Residual Aircraft Disinsection Certificate	53
5. ICAO Aircraft General Declaration.....	54
