# ACKNOWLEDGEMENTS

---

This document was conceptualized and coordinated by Maria Nieves Garcia-Casal and Francesco Branca. Technical support received from Nutrition International was coordinated by Sara Wuehler and also included: Dorothy Rego (data collection and literature review); Salome Wawire (key informant interviews and online survey development, implementation and interpretation); Jacqueline K. Kung'u, Homero Martinez and Sara Wuehler (conceptualization, literature review, interpretation, technical review and writing).

## FUNDING

This review was commissioned and funded by the World Health Organization, with additional financial and technical support from Nutrition International.
