Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Annex 2.	Priority outcomes used in decision-making	22
Annex 3.	Summary and management of declared interests from GDG members	23
Annex 4.	Evidence to Decision framework	25

Acknowledgements

The World Health Organization (WHO) Department of Sexual and Reproductive Health and Research and Department of Maternal, Newborn, Child and Adolescent Health and Ageing gratefully acknowledge the contributions of many individuals and organizations to the updating of this recommendation. Work on this update was coordinated by Fernando Althabe, Tina Lavin, Olufemi Oladapo, Joshua Vogel and Mariana Widmer of the Department of Sexual and Reproductive Health and Research.

WHO extends its sincere thanks to Oluwarotimi Ireti Akinola, Brendan Carvalho, Melania Amorim, Catherine Deneux-Tharoux, Tippawan Liabsuetrakul, Martin Meremikwu, Suellen Miller, Mari Nagai, Hayfaa Wahabi, Dilys Walker and Andrew Weeks who served as members of the Guideline Development Group (GDG), and to Ashraf Nabhan (Chair) for leading the meeting. We also thank Christine East, Gill Gyte, Justus Hofmeyr, Syeda Batool Mazhar, Enrique Oyarzun and Qian Xu, who were members of the External Review Group (ERG). WHO also gratefully acknowledges the contribution of the members of the Executive Guideline Steering Group (GSG).

Edgardo Abalos, Anna Cuthbert, Virginia Diaz, Kenneth Finlayson, Leanne Jones, Frances Kellie and Myfanwy Williams reviewed the scientific evidence, prepared the Grading of Recommendations Assessment, Development and Evaluation (GRADE) tables and drafted the narrative summary of the evidence. Fernando Althabe, Olufemi Oladapo, Mariana Widmer and Joshua Vogel revised the narrative summaries and double-checked the corresponding GRADE tables and prepared the Evidence to Decision (EtD) frameworks. The ERG peer reviewed the final document prior to executive clearance by WHO and publication.

We acknowledge the various organizations that were represented by observers, including Deborah Armbruster (United States Agency for International Development [USAID]), Ingela Wiklund (International Confederation of Midwives [ICM]) and Carlos Fuchtnr (International Federation of Gynecology and Obstetrics [FIGO]). We also appreciate the contributions of staff at the WHO regional offices, including Nino Berdzuli, Bremen De Mucio, Hayfa Elamin, Chandani Anoma Jayathilaka, Ramez Khairi Mahaini, Howard Sobel and Claudio Sosa.

WHO acknowledges the financial support for this work received from USAID and the UNDP-UNFPA-UNICEF-WHO-World Bank Special Programme of Research, Development and Research Training in Human Reproduction the Department of Sexual and Reproductive Health and Research. WHO emphasizes that donors do not participate in any decision related to the guideline development process, including the composition of research questions, membership of the guideline development groups, conducting and interpretation of systematic reviews, or formulation of the recommendations. The views of the funding bodies have not influenced the content of this recommendation.
