Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Acknowledgements

The World Health Organization (WHO) gratefully acknowledges the contributions that many individuals and organizations have made to the updating of this guideline recommendation. The WHO Departments of Sexual and Reproductive Health and Research (SRH); Nutrition and Food Safety (NFS); and Maternal, Newborn, Child, Adolescent Health and Ageing (MCA) oversaw this normative work.

María Barreix, Maurice Bucagu, Olufemi Oladapo, Juan Pablo Peña-Rosas, Lisa Rogers and Özge Tunçalp were the members of the WHO Steering Group that managed the guideline development process. The members of the Guideline Development Group (GDG) included Niveen Abu Rmeileh, Luz Maria De-Regil, Aft Ghérissi, Gill Gyte, Rintaro Mori, James Neilson, Lynnette Neufeld, Lisa Noguchi, Nafissa Osman, Erika Ota, Robert Pattinson, Rusidah Selamat, Harshpal Singh Sachdev, Charlotte Warren and Charles Wyisonge. James Neilson served as chair of the GDG. We thank members of the External Review Group, including Rodolfo Gomez, Tamar Kabakian, Petr Velebil and Yacouba Yaro.

WHO would also like to thank the authors of the updated Cochrane systematic reviews used for their collaboration (in alphabetical order): Jessica C. John, Lia Kostiuk Lombardo, Paul Lips, Lucero Lopez-Perez, Ricardo X. Martinez, Cristina Palacios, Juan Pablo Peña-Rosas, James A. Salisi and Maria Angelica Trak-Fellermeier; as well as Leanne Jones, Frances Kellie and Myfanwy Williams who facilitated this collaboration process. Edgardo Abalos, Monica Chamillard and Virginia Dias graded quantitative evidence and Therese Dowswell assisted with evidence synthesis. Soo Downe and Kenny Finlayson performed the qualitative reviews that informed the values, acceptability and feasibility criteria of the evidence-to-decision framework and graded the qualitative evidence for the original guideline, which were also employed for this update. Theresa Lawrie, with members of the WHO Steering Group, synthesized and reviewed the evidence and drafted the evidence-to-decision framework and the final guideline document. We would like to thank Joshua Vogel for his support with the living guidelines process.

We acknowledge the various organizations that were represented by observers at the technical consultation, including: Hani Fawzi of the International Federation of Gynecology and Obstetrics (FIGO); Jeffrey Smith of the Bill & Melinda Gates Foundation; Lisa Welcland of the International Confederation of Midwives (ICM); Petra ten Hoope-Bender of the United Nations Population Fund (UNFPA); and Elaine Gray of the United States Agency for International Development (USAID). We appreciate the contributions of WHO Regional Office staff to this update: Nino Berdzuli, Bremen de Mucio, Anoma Jayathilaka, Ramez Khairi, Léopold Ouedraogo and Howard Sobel.

Funding was provided for this updated recommendation by USAID; the UNDP/UNFPA/UNICEF/WHO/World Bank Special Programme of Research, Development and Research Training in Human Reproduction; and the Bill & Melinda Gates Foundation. Donors do not fund specific guidelines and do not participate in any decision related to the guideline development process, including the composition of research questions, membership of the guideline groups, conduct and interpretation of systematic reviews, or formulation of recommendations.

Acronyms and abbreviations

ANC	antenatal care
CI	confidence interval
CREP	Centro Rosarino de Estudios Perinatales (Argentina)
DECIDE	Developing and Evaluating Communication Strategies to Support Informed Decisions and Practice Based on Evidence
DOI	declaration of interest
eLENA	WHO e-Library of Evidence for Nutrition Actions
ERG	External Review Group
EtD	evidence-to-decision
FIGO	International Federation of Gynecology and Obstetrics
GDG	Guideline Development Group
GDM	gestational diabetes mellitus
GRADE	Grading of Recommendations Assessment, Development and Evaluation
GRADE-CERQual	Confidence in the Evidence from Reviews of Qualitative Research
GSG	Guideline Steering Group
HIC	high-income country
ICM	International Confederation of Midwives
IFA	iron and folic acid
LMIC	low- and middle-income country
MCA	Maternal, Newborn, Child and Adolescent Health and Ageing
NFS	Nutrition and Food Safety
PICO	population, intervention, comparator, outcome
PPH	postpartum haemorrhage
QES	qualitative evidence syntheses
RCT	randomized controlled trial
RHL	WHO Reproductive Health Library
RNI	recommended nutrient intake
RR	risk ratio
SGA	small for gestational age
SHR	Sexual and Reproductive Health and Research
