Acknowledgements

The World Health Organization (WHO) extends its gratitude to all whose dedicated efforts and expertise contributed to this resource.

The development and field testing of this resource was coordinated by Pauline Kleinitz, Rehabilitation Programme, WHO, with the support of Alarcos Cieza, Coordinator for Vision, Hearing, Rehabilitation, Disability, Department for Management of Noncommunicable Diseases, Disability, Violence and Injury Prevention, WHO.

This resource was designed in consultation with WHO personnel at headquarters, regional and country level. During its development and field testing it benefited from the input of Darryl Barrett, Eduardo Celades, Shelly Chadha, Vivath Chou, Antony Duttine, Michelle Funk, ZeeA Han, Chapal Khasnabis, Ivo Kocur, Lindsay Lee, Maryam Mallick, Elanie Marks, Christopher Mikton, Jody-Anne Mills, Satish Mishra, Alexandra Rauch, Carla Sabariego, Hala Sakr, and Emma Tebbutt.

The resource was field tested with the support of WHO regional and country offices, rehabilitation consultants and the governments of Botswana, Guyana, Haiti, Jordan, Lao People's Democratic Republic, Myanmar, Solomon Islands, and Sri Lanka. Special thanks are extended WHO country office colleagues, including Hadeel Alfar, Subhashini Caldera, Paul Edwards, Kirsten Fransden, Moagi Gaborone, Donie Mallawaarachi, and Aye Moe Moe. Additional thanks go to representatives from governments who provided feedback, including Shiromi Maduwage, Ariane Mangar, Khin Myo Hla, Gaboelwe Rammekwa and Elsie Talofiri, and to consultants who provided feedback, including Charlotte Axelsson, Jerome Canicave, Sue Eitel and Monika Mann.

A number of rehabilitation experts provided input to the conceptualization and development of the resource, including, Jerome Bickenbach, Max Deneu, Zeon De Wet, Bernard Franck, Christoph Gutenbrunner, Jorge Lains, Kirsten Lentz, Graziella Lippolis, Gwynnyth Llewellyn, James Middleton, Susanne Nielsen, Gerald Stucki, Isabelle Urseau, and Marc Zlot.

The development and publication of this Rehabilitation Guide for Action was made possible through support from the United States Agency for International Development (USAID).

TRIC	Template for Rehabilitation Information Collection
UHC	Universal Health Coverage
WHO	World Health Organization

BACKGROUND

The World Health Organization's Template for Rehabilitation Information Collection (TRIC) is part of the Systematic Assessment of Rehabilitation Situation (STARS) guidance. STARS guides users through Phase 1 of a four-phase process that supports governments in strengthening rehabilitation in their health systems, see Table 1. Findings from a STARS situation assessment should inform development of a rehabilitation strategic plan.

Phase 1 includes four steps, and completion of the TRIC by government occurs during step 2, see Figure 1. The TRIC directs the collation of data across the six-health system building blocks: leadership and governance, financing, human resources, health services, medicines and technology, health information systems, and includes a section on emergency preparedness and infrastructure. The information collected in the TRIC supports steps 3 and 4 of STARS.
