Cataloguing-in-Publication (CIP) data. CIP data are available at <http://apps.who.int/iris>.

Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/about/licensing>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

| Acknowledgements | V |
| Abbreviations and acronyms | VII |
| About this resource guide | VIII |
| Executive summary | XI |
| | |
| 1. Introduction | 1 |
| What do we mean by integration? | 2 |
| How is integration reflected in global policies and strategies? | 3 |
| Why is integration growing in importance for immunization programmes? | 6 |
| The life course approach to integration | 10 |
| National integrated health policies | 18 |
| | |
| 2. Types of integration | 19 |
| Health systems integration | 20 |
| What do we know about integration in health systems in general? | 22 |
| Integrated health service delivery | 32 |
| Integrated settings | 41 |
| Comprehensive approaches to disease control | 43 |
| Intersectoral collaboration | 47 |
| | |
| 3. Health services that could provide immunization services or referrals | 51 |
| Integrated Management of Neonatal and Childhood Illness (IMNCI) | 52 |
| Integrated community case management (iCCM) | 53 |
| Antenatal care | 54 |
| Postnatal care (Hepatitis B birth dose, postpartum screening) | 55 |
| | |
| 4. Planning for integrated immunization programmes | 59 |
| Context | 62 |
| Compatibility | 63 |
| Feasibility | 64 |
| Acceptability | 67 |
| Accountability | 69 |
| Equity | 69 |
| Integrated service checklist | 71 |

| | |
|---|-----------|
| 5. Benefits and risks of integrated immunization programmes | 73 |
| 6. Monitoring and evaluation of integrated immunization programmes | 77 |
| Planning for monitoring and evaluation (M&E) | 81 |
| Monitoring changes in integrated service delivery and coverage | 82 |
| Monitoring changes in the quality of care | 86 |
| Evaluating integrated services | 86 |
| Strengthening the evidence base for integration | 88 |
| 7. Useful references | 89 |

| | |
|--|------------|
| Appendix: additional health services that can be provided with immunization | 93 |
| Nutrition | 95 |
| Growth monitoring and nutritional counselling, including breastfeeding | 95 |
| Vitamin A supplementation | 99 |
| Malaria | 104 |
| Distribution of long-lasting insecticidal nets (LLINs) | 104 |
| Intermittent preventive treatment in infancy (IPTi) of malaria | 108 |
| Seasonal malaria chemoprevention (SMC) | 112 |
| Neglected tropical diseases | 114 |
| Deworming | 114 |
| Reproductive and maternal health services | 117 |
