

Towards a dementia plan: a WHO guide

Towards a dementia plan: a WHO guide

CONTENTS

Acknowledgements	1
Abbreviations	3
Executive summary	4
1. Introduction	6
Global trends in dementia	6
Global response to dementia	7
2. The need for a dementia plan	9
Definition of a dementia plan	9
Stand-alone versus integrated plans	9
3. Overview of the guide	12
Purpose and approach	12
Target audience	13
4. The dementia plan: cross-cutting elements	15
Leadership, governance and multisectoral collaboration	15
Stakeholder engagement	17
5. The dementia plan: essential steps	19
Phase A: preparing for the dementia plan	20
Step A.1: assess the situation	20
Step A.2: set priorities	25
Phase B: developing the dementia plan	28
Step B.1: develop the strategic framework	28
Step B.2: determine resource implications	39
Step B.3: seek stakeholder and political approval	40
Phase C: implement the dementia plan	42
Step C.1: develop an operational work plan	42
Step C.2: allocate the budget	44
Step C.3: monitor and evaluate	45

Concluding remarks	48
Glossary	49
Annexes	54
Annex 1: checklist for preparing, developing and implementing a dementia plan	54
Annex 2: stakeholder mapping tool	58
Annex 3: scope and priority-setting tool	60
Annex 4: situational analysis and corresponding GDO indicators	64
Annex 5: sample dementia operational work plan	65
Annex 6: sample M&E logic model for dementia	66
References	67

Vision and conceptualization: *Towards a dementia plan: a WHO guide* was developed under the overall guidance and conceptualization of Shekhar Saxena and Tarun Dua, WHO Department of Mental Health and Substance Abuse.

Project coordination and editing: The team that coordinated the development of the guide, including writing and editing, comprised Stefanie Freil, Katrin Seeher, Neerja Chowdhary, Saskia Sivananthan and Anne Margriet Pot.

Technical contributions and review: Valuable input was received from technical staff at WHO headquarters, regional and country offices as well as many international dementia experts. These contributions have been central to the development of the guide.

WHO headquarters, regional and country offices: Zohra Abaakouk, Sharad Prasad Adhikary, Nazneen Anwar, Rodrigo Cataldi, Dan Chisholm, Duniesky Cintra, Meredith Fendt-Newlin, Alexandra Fleischmann, Devora Kestel, Sebastiana Da Gama Nkomo, Vivian Perez, Khalid Saeed, Martin Vandendyck, Mark van Ommeren.

International dementia experts: WHO gratefully acknowledges the contributions of the individuals listed below for their expert opinion and technical input in the development of this document. A number of the listed individuals contributed through their attendance at the following technical meetings: PAHO regional workshop on implementation of global and regional action plans on dementia (18–19 October 2017), Jakarta workshop to support the implementation of the global dementia action plan (6–7 November 2017) and Geneva meeting on the implementation of the global action plan on the public health response to dementia (11–12 December 2017).
