Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Cover design and layout: Alberto March (Barcelona, Spain).

CONTENT

| | |
|------------------|-----|
| Acknowledgements | V |
| Abbreviations | VI |
| List of tables | VII |

1 BACKGROUND 1

| | |
|--|---|
| 1.1 Objectives of the GNMf | 3 |
| 1.2 Vision for establishment of national health data systems | 5 |

2 RATIONALE FOR THE GNMf INDICATORS 6

| | |
|--|----|
| 2.1 Rationale for WHA global targets | 8 |
| 2.2 Rationale for intermediate outcome indicators | 10 |
| 2.3 Rationale for process indicators | 10 |
| 2.4 Rationale for policy environment and capacity indicators | 12 |

3 DETAILED GUIDANCE ON INDICATORS FOR THE SIX WHA GLOBAL TARGETS 15

| | |
|--|----|
| 3.1 Stunting in children under five years of age | 16 |
| 3.2 Anaemia in women of reproductive age | 18 |
| 3.3 Low birth weight | 21 |
| 3.4 Overweight in children under five years of age | 23 |
| 3.5 Exclusive breastfeeding in infants aged six months or less | 25 |
| 3.6 Wasting in children under five years of age | 27 |

4 INTERMEDIATE OUTCOME, PROCESS AND POLICY ENVIRONMENT AND CAPACITY INDICATORS 31

| | |
|---|----|
| 4.1 Intermediate outcome indicators | 32 |
| 4.1.1 Coverage of diarrhoea treatment | 32 |
| 4.1.2 Low BMI in women aged 15–49 years | 34 |
| 4.1.3 Adolescent fertility rate | 35 |
| 4.1.4 Overweight and obesity in women 18+ years of age | 36 |
| 4.1.5 Overweight and obesity in school-age children and adolescents | 37 |
| 4.2 Process indicators | 38 |
| 4.2.1 Minimum dietary diversity | 38 |
| 4.2.2 Population using safely managed drinking-water services | 40 |

| | | |
|-------|--|----|
| 4.2.3 | Population using safely managed sanitation services | 42 |
| 4.2.4 | Antenatal iron supplementation | 44 |
| 4.2.5 | Births in baby-friendly facilities | 46 |
| 4.2.6 | Breastfeeding counselling | 47 |
| 4.3 | Policy environment and capacity indicators | 48 |
| 4.3.1 | Nutrition professionals density | 48 |
| 4.3.2 | International Code of Marketing of Breast-milk Substitutes | 50 |
| 4.3.3 | Maternity protection laws or regulations | 51 |

REFERENCES **52**

ANNEXES **57**

| | | |
|---------|--|----|
| Annex 1 | Summary of the Global Nutrition Monitoring Framework indicators | 57 |
| Annex 2 | Essentials of length/height measurements | 63 |
| Annex 3 | Haemoglobin adjustment for smokers and people residing in high altitude | 67 |
| Annex 4 | Adjustment for low birth weight | 71 |
| Annex 5 | Weight measurements | 73 |
| Annex 6 | Operationalizing Minimum Dietary Diversity (MDD) using quantitative dietary data | 75 |

ACKNOWLEDGEMENTS

This operational guidance is an outcome of the WHO-UNICEF Technical Expert Advisory group on nutrition Monitoring (TEAM) and was supported by the Bill & Melinda Gates Foundation.

Members of the TEAM: Rafael Flores-Ayala, Mary Arimond, Rebecca Heidkamp, Purnima Menon, Trevor Croft, Patrick Webb, Luz Maria De-Regil, Eline Korenromp, Faith Thuita, and Abul Kalam Azad, for their technical input in refining and developing specific indicators that required additional operational guidance.

Kuntal Kumar Saha (WHO Headquarters) for conceptualizing this operational guidance and leading its writing and revision; Elaine Borghi, Monika Blössner and Mercedes de Onis (WHO Headquarters), for preparing the first draft of the operational guidance for its review by Member States in an Informal Consultation in 2015 and providing feedback to subsequent versions; Francesco Branca, Elisa Dominguez, Kaia Engesveen, Laurence Grummer-Strawn, Chizuru Nishida, Juan Pablo Peña-Rosas and Lisa Rogers (WHO Headquarters), for their contributions to the development of the operational guidance and feedback to several draft versions; Adelheid Onyango (WHO African Region) and nutrition focal points in country offices of the WHO Africa and South-East Asia Regions, for providing valuable feedback during the field testing of the operational guidance; Timothy Armstrong, Cynthia Boschi Pinto, Michelle Jane Hindin, Khondkar Rifat Hossain, Richard Johnston, Antonio Montresor, Leanne Riley and Marcus Marcellus Stahlhofer (WHO Headquarters), for their inputs to the development process of various indicators; Gretchen Stevens and Wahyu Mahanani (WHO Headquarters), for their statistical review and technical input to specific indicators; Julia Krasevec and Tom Slaymaker (UNICEF Headquarters), for their involvement in the development of specific indicators and reviewing sections of the document; James Akre (Consultant), for copy-editing; Diana Estevez (Consultant), Fabienne Maertens and Anne Sikanda (WHO Headquarters), for coordinating the publication process and translation into other UN languages.
