# SEVENTIETH WORLD HEALTH ASSEMBLY Provisional agenda item 20.1

# Voluntary contributions by fund and by contributor, 2016

- 1. The present report supplements the WHO mid-term programmatic and financial report for 2016–2017, including audited financial statements for 2016. The following schedules are provided in the Annex:
  - Schedule 1 Voluntary contributions, by fund
  - Schedule 2 Voluntary contributions, by fund and by contributor
  - Schedule 3 Deferred revenue, by fund and by contributor
  - Schedule 4 Summary of voluntary contributions receivable non-current and current (by age and by contributor)
  - Schedule 5 In-kind and in-service voluntary contributions
  - Schedule 6 Voluntary contributions received in advance for 2017
- 2.15 of the Financial Statements for the year ended 31 December 2016. Revenue from voluntary contributions is recognized in accordance with the International Public Sector Accounting Standards (IPSAS), in particular IPSAS 23 (Revenue from Non-Exchange Transactions). Revenue from voluntary contributions is recorded when a binding agreement is signed by WHO and the contributor. Where there are "subject to" clauses in an agreement, WHO does not control the resource and does not record the revenue and amount receivable until the cash is received. Where there are no payment terms specified by the contributor or where payment terms are in the current accounting year, revenue is recognized in the current period. Where the start date is indicated as being in the following year, revenue is recognized in the following financial year with any cash receipt recorded as an advance.
- 3. Each voluntary contribution is recorded through an award. The summary schedules presented in the Annex aggregate those awards, reporting contributions by fund and by donor. Miscellaneous receipts and donor contributions totalling less than US\$ 10 000 are grouped together and reported as "other".

**Note 1.** "Voluntary contributions – core" includes the following types of revenue: funds received to support the Programme budget as a whole, considered fully or highly flexible; and funds that are earmarked for purposes within the Programme budget, considered designated, or of a medium level of flexibility. Fully flexible funds and highly flexible funds, earmarked only at the level of the category, are recorded in the core voluntary contributions account. Designated funds, earmarked at the level of programme area or major office, are not as tightly specified for detailed activity or expenditure line reporting a "voluntary contributions – specified", yet are still earmarked rather than highly flexible so are categorized as voluntary contributions – core.

Note 2. From 1 January 2014 only revenue for Polio-related activities was recorded under Special Programmes and Collaborative Arrangements.

Annex A70/INF./4

**Note 3.** The Contingency Fund for Emergencies was created in 2015 to provide temporary financing for emergency operations. For full details see note 6.1.b.ii to the financial statements for 2016, within the WHO mid-term programmatic and financial report for 2016–2017 (document A70/40).

- **Note 4.** Effective 1 January 2015, the administration of the Stop TB Partnership and the Stop TB Partnership Global Drug Facility Fund has moved to the United Nations Office for Project Services (UNOPS). Negative revenue represents the cancellation of remaining amounts due under agreements and the transfer of funds to UNOPS under novated agreements.
- Note 5. Operations under the United Nations System Standing Committee on Nutrition ceased on 31 December 2015 and the final balance was paid in 2016.
- **Note 6.** As reported in the Statement of Financial Performance for the year ended 31 December 2016 in the financial statements for 2016, within the WHO mid-term programmatic and financial report for 2016–2017 (see document A70/40), all activities implemented by WHO have been consolidated in the financial report. This includes voluntary contributions received under the General Fund and the Fiduciary Fund. Voluntary contributions reported in Schedules 1 and 2 of the present report include in-cash contributions only. In-kind and in-service contributions are reported separately in the Statement of Financial Performance and detailed in Schedule 5 of this report.
