The WHO application of ICD-10 to deaths during the perinatal period: ICD-PM

Acknowledgements

The WHO application of ICD-10 to deaths during the perinatal period: ICD-perinatal mortality (ICD-PM) was developed by the World Health Organization (WHO) Working Group on Perinatal Death Classification. The following individuals (in alphabetical order) participated in the activities of the Working Group: Emma Allanson, Hannah Blencowe, Doris Chou, Jahnavi Daru, Jan Jaap Erwich, Vicki Flenady, Frederik Frøen, Jason Gardosi, Rogelio Gonzalez, A. Metin Gülmezoglu, Kate Kerber, Joy Lawn, Edward A. Liechty, Jaouad Mahjour, Priya Mannava, Matthews Mathai, James Neilson, Robert C. Pattinson, Cynthia Pileggi-Castro, Zahida Qureshi, Cleo Rooney, Lale Say, Özge Tunçalp, Joshua P. Vogel and Khalid Yunis. During the development phase, ICD-PM was piloted in two databases in the United Kingdom and South Africa, with additional contributions from Amanda Quach and Andre Francis.

Furthermore, we thank Vanessa Brizuela, Sarah de Masi, Robert Jakob, Kapila Jayaratne, Olufemi Oladapo, Nathalie Roos and Florina Serbanescu for their technical review and comments on this work.

Emma Allanson and Özge Tunçalp prepared the alpha and beta drafts of this work, based on the guidance provided by the Working Group and the pilot studies. Jan Jaap Erwich, Vicki Flenady, Frederik Frøen, Jason Gardosi, A. Metin Gülmezoglu, James Neilson and Robert C. Pattinson revised the beta draft. The final version of the document was prepared by Emma Allanson, Özge Tunçalp and A. Metin Gülmezoglu.

This work was funded by the United States Agency for International Development (USAID) and the UNDP/UNFPA/UNICEF/WHO/World Bank Special Programme of Research, Development and Research Training in Human Reproduction (HRP).
