Requests for permission to reproduce or translate WHO publications – whether for sale or for non-commercial distribution – should be addressed to WHO Press through the WHO website ([www.who.int/about/licensing/copyright\\_form/en/index.html](http://www.who.int/about/licensing/copyright_form/en/index.html)).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

WHO/CDC/ICBDSR. *Birth defects surveillance training: facilitator's guide*. Geneva: World Health Organization; 2015.

## ● Acknowledgements

---

This *facilitator's guide* is a collaborative effort between the World Health Organization (WHO), the National Center on Birth Defects and Developmental Disabilities from the United States (US) Centers for Disease Control and Prevention (CDC), and the International Clearinghouse for Birth Defects Surveillance and Research (ICBDSR). It is meant to serve as a training tool for the development, implementation and ongoing improvement of a congenital anomalies surveillance programme.

We would like to thank the WHO Regional Office for South-East Asia, for providing valuable feedback during the development process. We acknowledge the Division of Birth Defects and Developmental Disabilities Surveillance Workgroup for their contributions toward the development of content for this resource.

We would like to acknowledge Dr Coleen Boyle, Director, National Center on Birth Defects and Developmental Disabilities and Dr Cynthia Moore, Director, Division of Birth Defects and Developmental Disabilities, for their support of the Birth Defects COUNT (Countries and Organizations United for Neural Tube Defects Prevention) initiative.

We would like to acknowledge the technical input in writing this manual of staff from CDC's National Center on Birth Defects and Developmental Disabilities, ICBDSR and WHO, particularly from the following individuals (in alphabetical order): Dr Alejandro Azofeifa, Dr Jose Fernando Arena, Dr Robert J Berry, Dr Lorenzo Botto, Dr Carmen Casanovas, Ms Alina Flores, Dr Jaime Frías, Ms Christina Kilgo, Ms Katherine Lean, Dr Pierpaolo Mastroiacovo, Dr Angela Mayorga, Dr Joseph Mulinare, Dr Juan Pablo Peña-Rosas, Dr Jorge Rosenthal, Dr Csaba Siffel, Dr Joseph Sniezek, Ms Becky Tsang and Ms Diana Valencia.

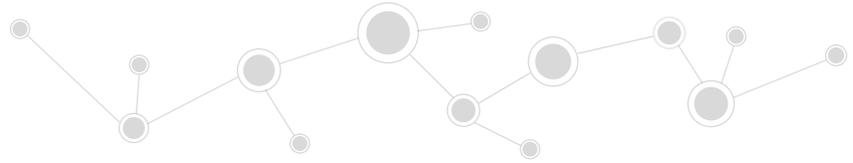

WHO, CDC and ICBDSR gratefully acknowledge the technical input of the meeting participants for the global and regional training on surveillance of congenital anomalies.

We thank Dr Rajesh Mehta and Dr Neena Raina from the WHO Regional Office for South-East Asia for providing valuable feedback during the development process.

## ● Financial support

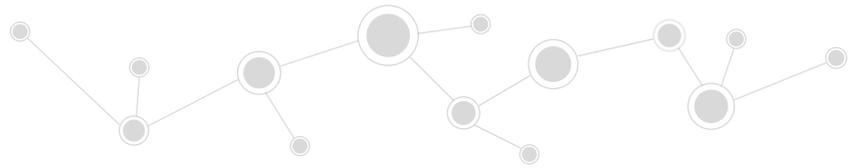

---

WHO thanks the US CDC, especially the National Center on Birth Defects and Developmental Disabilities, for providing financial support for the publication of this guide as part of the cooperative agreement 5 E11 DP002196, *Global prevention of non-communicable disease and promotion of health*.
