Acknowledgements

This interim guideline was coordinated by the Evidence and Programme Guidance, Department of Nutrition for Health and Development, World Health Organization (WHO), in collaboration with the Department of Nutrition, United Nations Children's Fund (UNICEF) and World Food Programme (WFP).

Zita Weise Prinzo and Suzanna McDonald oversaw the preparation of this document and contributed technically, together with Dolores Rio and Diane Holland. We thank Mija Tesse-Ververs for initiating the discussions and raising the questions on the nutritional support required for adult patients with Ebola virus disease in treatment centres in West Africa that provided initial discussions for these recommendations, together with Nathalie Avril, Valérie Belchior-Bellino Captier and Manuel Duce.

We would like to express our gratitude to Susan L Norris from the WHO Guidelines Review Committee Secretariat, for her guidance in developing this guideline within a very short period of time.

We would like to acknowledge inputs from Peter Ben Embarek of the Department of Food Safety, Zoonoses and Foodborne Diseases and Rosa Constanza Vallenias Bejar de Villar from the Department of Pandemic and Epidemic Diseases at WHO, Geneva, Switzerland. We also extend special thanks to David Brett-Major, Global Preparedness, Surveillance and Response Operations, WHO, for his technical contributions to this document. We are grateful to the following individuals for their invaluable contributions – Jay Berkley, André Briend, Pascale Delchevalerie, Christian Fabiensen, Perrine Geniez, Michael Golden, Patricia Horelbeke, Josephine Ippe, Anne-Dominique Isreal, Alan Jackson, Nicolas Joannic, Mark Manary, Carlos Navarro, Ayadil Saparbekov, Britta Schumacher, Hélène Schwartz, Liesel Talley, Saskia Van der Kam, Lourdes Vazquez and Adriana Zarelli. Ms Jennifer Volonnino, from the Evidence and Programme Guidance Unit, Department of Nutrition for Health and Development, provided logistic support.

We thank the WHO Ebola clinical management team and the following individuals for their technical input (in alphabetical order): Matthew Lim, Juan Pablo Peña-Rosas, Charlotte Rasmussen, Nahoko Shindo, Lisa Rogers and Gerardo Zamora. We also would like to thank Paul Garner, Katherine Hopping, Saurabh Mehta and Eva Politzer for peer-reviewing this interim guideline.

We extend special appreciation to all those in the field who have given feedback and suggestions for the formulation of these recommendations and whose names have not been mentioned here.

Financial support

WHO thanks the Bill & Melinda Gates Foundation and the US Agency for International Development (USAID) for providing financial support for this work. Donors do not fund specific guidelines and do not participate in any decision related to the guideline development process, including the composition of research questions, membership of the guideline groups, conduct and interpretation of systematic reviews, or formulation of recommendations.

Glossary

CSB	corn-soya blend
CCC	community care centres
ETU	Ebola treatment unit
EVD	Ebola virus disease
HEB	high-energy biscuit
