## Acknowledgements

This guideline was coordinated by the World Health Organization (WHO) Evidence and Programme Guidance Unit, Department of Nutrition for Health and Development. Dr Maria Nieves Garcia-Casal and Dr Juan Pablo Peña-Rosas oversaw the preparation of this document. WHO acknowledges the technical contributions of the following individuals (in alphabetical order): Dr Lisa Rogers, Dr Godfrey Xuereb and Mr Gerardo Zamora. We thank Dr Maria Andersson, Dr Omar Dary, Dr Laurence Grummer-Strawn, Mr Lorenzo Locatelli-Rossi, Mr Arnold Timmer and Dr Michael Zimmermann for peer-reviewing this guideline.

We would like to express our gratitude to Dr Susan L Norris from the WHO Guidelines Review Committee Secretariat and the members of the Guidelines Review Committee for their technical support throughout the process. Thanks are also due to Mr Issa T Matta and Ms Chantal Streijffert Garon from the WHO Office of the Legal Counsel, and to Ms Alma Alic from the Department of Compliance and Risk Management and Ethics, for their support in the management of the conflicts of interest procedures. Ms Jennifer Volonnino, from the Evidence and Programme Guidance Unit, Department of Nutrition for Health and Development, provided logistic support.

WHO gratefully acknowledges the technical input of the members of the WHO Steering Committee for Nutrition Guidelines Development and the WHO guidelines development groups, especially the co-chairs of the meeting concerning this guideline, Ms Deena Alaasfor and Dr Maria Elena del Socorro Jefferds.

## Financial support

WHO thanks the Government of Luxembourg and the Bill & Melinda Gates Foundation for providing financial support for this work. The Micronutrient Initiative provides financial support to the Evidence and Programme Guidance Unit for the commissioning of systematic reviews of nutrition interventions. Donors do not fund specific guidelines and do not participate in any decision related to the guideline development process, including the composition of research questions, membership of the guideline groups, conduct and interpretation of systematic reviews, or formulation of recommendations.
