The Human Resources for Health Country Profile for Mongolia was developed with contributions from many individuals and organizations including staff of the Ministry of Health and other government sectors such as the Ministry of Education, Culture and Science and the National Statistics Office. Data sources from several official and unofficial reports were used in this report.

The contributions of all staff of the above institutions are acknowledged, in particular Dr S. Evlegsuren, Senior Specialist in charge of the Health Sector Human Resources Training and Development Policy, State Administration and Management, Department of the Ministry of Health; Mrs Ariuntuya, Officer-in-charge of the Health Statistics Division, Department

of Health, Government Implementing Agency; and Mrs Altantsetseg, Population and Housing Statistics Bureau Specialist of the National Statistics Office.

Thanks are also extended to Ms B. Nandinchimeg, National Consultant, who worked closely with the WHO country and regional office staff to compile this profile.

The Human Resources for Health Country Profiles in the Western Pacific Region are prepared under the logistic and editorial support of the World Health Organization Western Pacific Regional Office, Human Resources for Health unit, and coordinated by a team composed of Gulin Gedik, Rodel Nodora, Jose Aguin and Dyann Severo.
