The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Printed in Switzerland

* * Formerly published under the title: Bambo has schistosomiasis: what children should know about schistosomiasis

BAMBO and his friends **TIZO** and **KIKO** are school children in an African village. The afternoon bell rings and classes are dismissed.

MINUTES LATER AT A POND
NEAR THE SCHOOL...

Bambo, remember what
grandpa said? we should
not swim in this pond!

Relax! Why
worry. Just a
few minutes and
we're on our way
home.
