Larval Source Management: a supplementary measure for malaria vector control

AN OPERATIONAL MANUAL

**World Health
Organization**

WHO Library Cataloguing-in-Publication Data

Larval source management: a supplementary measure for malaria vector control:
an operational manual.

1.Malaria – prevention and control. 2.Mosquito control – methods. 3.Larva – drug effects.
4.Anopheles – parasitology. 5.Insect vectors – parasitology. I.World Health Organization.

ISBN 978 92 4 150560 4

(NLM classification: WC 765)

Requests for permission to reproduce or translate WHO publications –whether for sale or for non-commercial distribution– should be addressed to WHO Press through the WHO web site (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

Please consult the WHO Global Malaria Programme web site for the most up-to-date version of all documents (www.who.int/malaria).

Contents

| | |
|--|-----------|
| Acknowledgments | vi |
| Abbreviations | vii |
| Introduction | 1 |
| 1. LSM for malaria control | 1 |
| 1.1 LSM in malaria vector control | 1 |
| 1.2 How effective is LSM? | 2 |
| 1.3 The role of LSM in Integrated Vector Management | 3 |
| 1.4 When and where is LSM appropriate? | 4 |
| Chapter 1. Selecting LSM interventions | 6 |
| 1. Types of LSM | 6 |
| 2. Analysis for LSM in a specific setting | 7 |
| 2.1 Current malaria epidemiology, vector ecology and interventions | 8 |
| 2.2 Vector bionomics | 8 |
| 2.3 Physical environment | 9 |
| 2.4 Status of vector resistance | 11 |
| 2.5 Economics | 11 |
| 2.6 Health system and national control programme capacity | 12 |
| 3. Information analysis | 15 |
| 4. Decision-making: feasibility of LSM and possible approaches | 15 |
| 5. Possible LSM strategies | 17 |
| 5.1 Strategy 1. Community-led environmental management | 17 |
| 5.2 Strategy 2. Large-scale environmental management | 18 |
| 5.3 Strategy 3. Larviciding of all potential larval habitats | 18 |
| 5.4 Strategy 4. No introduction of LSM | 18 |
| 5.5 Strategy 5. Anopheline and culicine control (general mosquito control) | 18 |
| 6. Selection of interventions | 19 |
| 6.1 Habitat modification and manipulation (environmental management) | 19 |
| 6.2 Larviciding | 19 |
| Chapter 2. Planning and managing LSM programmes | 25 |
| 1. Structure and organization of LSM programmes | 25 |
| 1.1 Funding | 25 |

| | | |
|----------------------------------|--|-----------|
| 1.2 | Programme structure | 25 |
| 1.3 | Role of the local authority | 27 |
| 1.4 | Role of the local population | 28 |
| 1.5 | Political support | 28 |
| 1.6 | Training field staff | 28 |
| 2. | Building the evidence base for specific interventions | 28 |
| 2.1 | Baseline mapping of larval habitats and water bodies | 28 |
| 2.2 | Baseline larval and adult surveillance | 30 |
| 2.3 | Monitoring and evaluation | 30 |
| 2.4 | Establishing a database | 32 |
| 3. | Implementing LSM | 32 |
| 4. | Data collection and operational reporting | 32 |
| 4.1 | Reporting on habitats modified, manipulated or treated | 32 |
| 4.2 | Larval and adult surveys | 32 |
| Chapter 3. Conducting LSM | | 34 |
| 1. | Habitat modification | 34 |
| 2. | Habitat manipulation | 34 |
| 3. | Larviciding | 34 |
| 3.1 | Selection and application of larvicides | 35 |
| 3.2 | Types of larvicide | 42 |
| | Oils and surface agents | 42 |
| | Synthetic organic compounds | 42 |
| | Bacterial larvicides | 44 |
| | Insect growth regulators | 47 |
| 4. | Biological control (larvivorous fish) | 48 |
| 4.1 | Selection of species | 48 |
| 4.2 | Rearing fish | 49 |
| 4.3 | Transportation and distribution | 49 |

Annexes

| | |
|---|-----|
| Annex 1. Biological information | 59 |
| Annex 2. Adult mosquito surveys | 66 |
| Annex 3. Larval mosquito surveys | 68 |
| Annex 4. Larval surveillance form and supervisor spot check forms | 71 |
| Annex 5. Standard operating procedures for larviciding | 76 |
| Annex 6. Weekly larval surveillance summary form | 87 |
| Annex 7. Habitat modification and manipulation | 88 |
| Annex 8. RBM LSM case study: Dar es Salaam | 101 |
| Annex 9. RBM LSM case study: Khartoum | 104 |
| Annex 10. RBM LSM case study: Mauritius | 108 |
| Annex 11. RBM LSM case study: India | 110 |
| References for Annexes | 115 |

Acknowledgments

The WHO Global Malaria Programme thanks the following individuals for their input in developing and finalizing this document:

Chioma Amajoh,¹ Peter DeChant,² Uli Fillinger,³ William Jany,⁴ Hmooda Toto Kafa,⁵ Gerry Killeen,⁶ Steve Lindsay,^{3,7} Michael Macdonald,⁸ Charles Mbogo,⁹ Shiva Murugasampillay,⁸ Rose Peter,¹⁰ Lucy Tusting,³ Egon Weinmueller,¹¹ and John Lucas.¹²

Lucy Tusting, Steve Lindsay, Shiva Murugasampillay and Ulrike Fillinger developed the first draft of this document. The document was extensively reviewed by Silas Majembere,⁶ Abraham Mnzava⁸ and Robert Newman.⁸

Raman Velayudhan¹³ and Rajpal Yadav¹³ provided useful feedback.

Illustrations were provided by Cheryl Whitehorn and some redrawn by Adele Jackson. Photographs were provided by Steve Lindsay.
