The designations employed and the presentation of the material
in this publication do not imply the expression of any opinion
whatsoever on the part of the World Health Organization
concerning the legal status of any country, territory, city or area
or of its authorities, or concerning the delimitation of its frontiers
or boundaries. Dotted lines on maps represent approximate
border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers’
products does not imply that they are endorsed or recommended
by the World Health Organization in preference to others of a
similar nature that are not mentioned. Errors and omissions
excepted, the names of proprietary products are distinguished
by initial capital letters.

All reasonable precautions have been taken by the World
Health Organization to verify the information contained in
this publication. However, the published material is being
distributed without warranty of any kind, either expressed or
implied. The responsibility for the interpretation and use of the
material lies with the reader. In no event shall the World Health
Organization be liable for damages arising from its use.

Design & layout by blue-infinity (Geneva) sa, Switzerland

The picture on the front cover was taken during the pilot phase
of the national TB prevalence survey in Myanmar. The main
survey was launched in mid-2009.

Contents

Annex 3. Surveys of the annual risk of infection	53
Annex 4. Surveys of the prevalence of TB disease	55
Annex 5. Additional countries that met criteria for implementing a survey of the prevalence of TB disease	57

Contributors

Ana Bierrenbach and Katherine Floyd wrote this policy paper, with input from Jaap Broekmans, Philippe Glaziou, Ikushi Onozaki and Brian Williams. It was prepared based on recommendations agreed by the WHO Global Task Force on TB Impact Measurement, a paper published by members of the Task Force in *Lancet Infectious Diseases* in January 2008 (5) and comments from WHO's Strategic and Technical Advisory Group for TB.
