Minimum package for male circumcision services	22
Selecting facilities	23
Monitoring and evaluating the programme	23
Setting national and district indicators	24
Supportive supervision	24
Accreditation	25
Competence of providers of male circumcision	27
Level of health-care provider	27
Essential competences for male circumcision providers	28
Competence-based training	34
Competence assessment	34
Provider certification	35
Assessing ongoing competence of providers	38
Annex A:	
Examples of quality assessment and improvement programmes	39
Annex B:	
Recommended male circumcision standards and criteria	44

Section 2

Guidance for facility managers and staff	53
Forming quality improvement teams	54
Quality improvement collaboratives	55
Steps for improving quality	56
Step 1. Define desired performance.....	58
Step 2. Assess performance	58
Self-assessment.....	58
Peer assessment	59
Step 3. Find causes of performance gaps.....	61
Step 4. Select and implement interventions to improve quality.....	63
Step 5. Monitor and evaluate performance.....	64
Setting facility-level indicators	64
Supportive supervision	66
Advantages and disadvantages of quality approaches.....	66

ACRONYMS

AIDS	acquired immunodeficiency syndrome
HIV	human immunodeficiency virus
USAID	United States Agency for International Development
UNAIDS	Joint United Nations Programme on HIV/AIDS
WHO	World Health Organization

WHO would like to thank the following people:

- Joanne Ashton (Consultant, Joint Commission International) and Kim Dickson (Medical Officer) for producing this document.
- Tim Farley and Julie Samuelson for contributing to the writing and review of the Guide.
- The following members of the WHO/UNAIDS Male Circumcision Working Group, who provided input and guidance: Bruce Dick, Cate Hankins, George Schmid and Isabelle de Zoysa.
- Special thanks go to the international experts who participated in the Quality Assurance Guidance Review Meeting in December 2007 for their insights, contributions and technical review of this document: David Alnwick (UNICEF Eastern and Southern Africa Regional Office, Kenya), Melanie C. Bacon (NIAID/DAIDS/BSP/Epidemiology Branch, NIH, USA), David Benton (International Council of Nurses, Switzerland), Naomi Bock (HIV Prevention, Global AIDS Program, CDC, USA), Peter Cherutich (National HIV/AIDS and STD Control Programme, Ministry of Health, Kenya), Adam Groeneveld (Mbabane Government Hospital, Swaziland), Tim Hargreave (Murrayfield Hospital, Scotland); Francis Hyera (Consultant, South Africa), Peter Johnson (JHPIEGO, USA), Didier M. Kangudie (IntraHealth International, Namibia), Harrison Kiambati (Ministry of Health, Kenya), Samuel Magagula (Ministry of Health, Swaziland), Palesa Mohaleroe (M&H Mediclinic, Lesotho), Jeckoniah O. Ndinya-Achola (Department of Medical Microbiology, University of Nairobi, Kenya), Edgar Necochea (JHPIEGO, USA), Paul van Ostenberg (Joint Commission International, USA), Kwaku Yeboah (Family Health International, USA), and WHO staff members V. Chandra-Mouli, Meena Cherian, Kirsty McHarry and Kenji Tamura.
