EMBASSY OF THE UNITED STATES OF AMERICA

Guatemala, December 28, 1962

No. 117

Excellency :

I have the honor to refer to recent conversations between representatives of our two Governments and to propose the following understandings with respect to the men and women of the United States of America who volunteer to serve in the Peace Corps and who, at the request of your Government, would live and work for periods of time in Guatemala.

1. The Government of the United States will furnish such Peace Corps Volunteers as may be requested by the Government of Guatemala and approved by the Government of the United States to perform mutually agreed tasks in Guatemala. The Volunteers will work under the immediate supervision of governmental or private organizations in Guatemala designated by our two Governments. The Government of the United States will provide training to enable the Volunteers to perform more effectively their agreed tasks.

2. The Government of Guatemala will accord equitable treatment to the Volunteers and their property ; afford them full aid and protection, including treatment no less favorable than that accorded generally to nationals of the United States residing in Guatemala ; and fully inform, consult, and cooperate with representatives of the Government of the United States with respect to all matters concerning them.

3. The Government of the United States will provide the Volunteers with such limited amounts of equipment and supplies as our two Governments may agree should be provided by it to enable the Volunteers to perform their tasks effectively.

4. To enable the Government of the United States to discharge its responsibilities under this agreement, the Government of Guatemala will receive a representative of the Peace Corps and such staff of the representative and such personnel of United States private organizations performing functions hereunder under contract with the Government of the United States as are acceptable to the Government of Guatemala.
