No. 7521. EXCHANGE OF NOTES CONSTITUTING AN AGREEMENT¹ BETWEEN JAMAICA AND THE UNITED STATES OF AMERICA FOR THE ESTABLISHMENT AND OPERATION OF A CO-OPERATIVE METEOROLOGICAL PROGRAMME IN JAMAICA. KINGSTON, 3 NOVEMBER 1964

I

Kingston, November 3, 1964

No. 43

Excellency,

I have the honor to refer to the cooperative program between the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland for the establishment and operation of Hurricane Research Stations on Grand Cayman and Jamaica. The program was established under the terms of an agreement between the Government of the United States of America and the Government of the United Kingdom of Great Britain and Northern Ireland effected by an exchange of notes December 30, 1958.² That agreement entered into force on December 30, 1958, was amended by an agreement effected by an exchange of notes on February 15, 1960,³ and remained in force until June 30, 1962.

I now have the honor to propose, in view of the mutual benefits which it is anticipated would result, that the cooperative Meteorological Program in Jamaica be continued.

The purpose of this program is to provide essential meteorological information for general forecasting, international aviation and research into the origin, structure and movement of hurricanes. The ultimate object is to achieve greater accuracy and timeliness in forecasts of hurricanes and in warnings of accompanying destructive winds, tides and floods for the entire Caribbean area.

The Government of Jamaica notified the Government of the United States of America on September 23, 1964 that since the advent of Jamaican independence on August 6, 1962 until the date of the present agreement, operations in Jamaica have been carried out in accordance with the terms of the agreement which expired in 1962.

This program will operate in accordance with the following principles :

¹ Came into force on 3 November 1964 by the exchange of the said notes.
