No. 8005. AGRICULTURAL COMMODITIES AGREEMENT¹
BETWEEN THE GOVERNMENT OF THE UNITED
STATES OF AMERICA AND THE GOVERNMENT OF THE
REPUBLIC OF VIET-NAM UNDER TITLE I OF THE
AGRICULTURAL TRADE DEVELOPMENT AND AS-
SISTANCE ACT, AS AMENDED. SIGNED AT SAIGON,
ON 26 MAY 1965

The Government of the United States of America and the Government of the Republic of Vietnam ;

Recognizing the desirability of expanding trade in agricultural commodities between their two countries and with other friendly nations in a manner which would not displace usual marketings of the United States of America in these commodities or unduly disrupt world prices of agricultural commodities or normal patterns of commercial trade with friendly countries ;

Considering that the purchase for Vietnam piastres of agricultural commodities produced in the United States of America will assist in achieving such an expansion of trade ;

Considering that the Vietnam piastres accruing from such purchase will be utilized in a manner beneficial to both countries ;

Desiring to set forth the understandings which will govern the sales, as specified below, of agricultural commodities to Vietnam pursuant to Title I of the Agricultural Trade Development and Assistance Act, as amended (hereinafter referred to as the Act), and the measures which the two Governments will take individually and collectively in furthering the expansion of trade in such commodities ;

Have agreed as follows :

Article I

SALES FOR VIETNAM PIASTRES

1. Subject to issuance by the Government of the United States of America and acceptance by the Government of the Republic of Vietnam of purchase authorizations and to the availability of the specified commodities under the

¹ Came into force on 26 May 1965, upon signature, in accordance with article VI.

Act at the time of exportation, the Government of the United States of America undertakes to finance the sales for Vietnam piastres to purchasers authorized by the Government of the Republic of Vietnam, of the following agricultural commodities in the amounts indicated :

<i>Commodities</i>	<i>Export Market Value (millions)</i>
Sweetened condensed milk	\$ 3.75
Rice	3.11
TOTAL	\$ 6.86

2. Applications for purchase authorizations will be made within 90 days after the effective date of this agreement, except that applications for purchase authorizations for any additional commodities or amounts of commodities provided for in any amendment to this agreement will be made within 90 days after the effective date of such amendment. Purchase authorizations will include provisions relating to the sale and delivery of commodities, the time and circumstances of deposit of Vietnam piastres accruing from such sale, and other relevant matters.

The Government of the United States of America will finance ocean transportation costs incurred pursuant to this agreement only to the extent that such costs are higher than otherwise would be the case by reason of the requirement that approximately 50 percent by tonnage of the commodities be transported in United States flag vessels. The balance of cost for commodities required to be carried in United States flag vessels shall be paid in dollars by the Government of the Republic of Vietnam. The Government of the Republic of Vietnam will not be required to deposit piastres for ocean transportation financed by the Government of the United States of America.

Promptly after contracting for United States flag shipping space required to be used, and in any event not later than presentation of vessel for loading, the Government of the Republic of Vietnam will open a letter of credit, in dollars, for the estimated cost of ocean transportation for commodities carried in United States flag vessels.

3. The financing, sale and delivering of commodities under this agreement may be terminated by either government if that government determines that because of changed conditions the continuation of such financing, sale or delivery is unnecessary or undesirable.

Article II

USES OF VIETNAM PIASTRES

The Vietnam piastres accruing to the Government of the United States of America as a consequence of sales made pursuant to this agreement will be used by the Government of the United States of America, in such manner and

order of priority as the Government of the United States of America shall determine, for the following purposes, in the proportions shown.

A. For United States expenditures under subsections (a), (f), (h) through (t) of Section 104 of the Act, or under any of such subsections, 10 percent of the Vietnam piastres accruing pursuant to this agreement.

B. For grant to the Government of the Republic of Vietnam under subsection (c) of Section 104 of the Act, 90 percent of the Vietnam piastres accruing pursuant to this agreement. On the event that agreement is not reached on the use of the Vietnam piastres for grant under subsection (c) of Section 104 of the Act within 3 years from the date of this agreement, the Government of the United States of America may use the Vietnam piastres for any purpose authorized by Section 104 of the Act.

Article III

DEPOSIT OF VIETNAM PIASTRES

1. The amount of Vietnam piastres to be deposited to the account of the Government of the United States of America shall be the equivalent of the dollar sales value of the commodities financed by the Government of the United States of America converted into Vietnam piastres, as follows :

- (a) at the rate applying to all foreign exchange transactions on the dates of dollar disbursement by the United States, provided that a unitary exchange rate is maintained by the Government of the Republic of Vietnam, or
- (b) if more than one legal rate for foreign exchange transactions exist, at a rate of exchange to be mutually agreed upon from time to time between the Government of the United States of America and the Government of the Republic of Vietnam.

2. The Government of the United States of America shall determine which of its funds shall be used to pay any refunds of Vietnam piastres which become due under this agreement or which are due or become due under any prior agricultural commodities agreement. A reserve will be maintained under this agreement for two years from the effective date of this agreement which may be used for the payment of such refunds. Any payment out of this reserve shall be treated as a reduction in the total Vietnam piastres accruing to the Government of the United States of America under this agreement.

Article IV

GENERAL UNDERTAKINGS

1. The Government of Vietnam will take all possible measures to prevent the resale or transshipment to other countries or the use for other than domes-

tic purposes of the agricultural commodities purchased pursuant to this agreement (except where such resale, transshipment or use is specifically approved by the Government of the United States of America) ; to prevent the export of any commodity of either domestic or foreign origin which is the same as, or like, the commodities purchased pursuant to this agreement during the period beginning on the date of this agreement and ending with the final date on which such commodities are received and utilized, (except where such export is specifically approved by the Government of the United States of America) ; and to ensure that the purchase of commodities pursuant to this agreement does not result in increased availability of the same or like commodities to nations unfriendly to the United States of America.

2. The two Governments will take reasonable precautions to assure that all sales and purchases of agricultural commodities pursuant to this agreement will not displace usual marketings of the United States of America in these commodities or unduly disrupt world prices of agricultural commodities or normal patterns of commercial trade with friendly countries.

3. In carrying out this agreement, the two Governments will seek to assure conditions of commerce permitting private traders to function effectively and will use their best endeavors to develop and expand continuous market demand for agricultural commodities.

4. The Government of the Republic of Vietnam will furnish quarterly information on the progress of the program, particularly with respect to the arrival and condition of commodities ; provisions for the maintenance of usual marketings ; and information relating to imports and exports of the same or like commodities.
