No. 8319. CONTRACT¹ BETWEEN THE INTERNATIONAL ATOMIC ENERGY AGENCY, FINLAND AND THE UNITED STATES OF AMERICA FOR THE TRANSFER OF ENRICHED URANIUM FOR A RESEARCH REACTOR IN FINLAND. SIGNED AT VIENNA, ON 8 JULY 1966

WHEREAS the International Atomic Energy Agency (hereinafter called the "Agency") and the Government of Finland (hereinafter called "Finland") on 30 December 1960 signed an Agreement for assistance by the Agency to Finland in establishing a training and research project for peaceful purposes relating to the FiR-1 reactor (hereinafter called the "Project Agreement");²

WHEREAS the Agency, Finland and the United States Atomic Energy Commission (hereinafter called the "Commission"), acting on behalf of the Government of the United States of America (hereinafter called the "United States"), on 23 and 30 December 1960 signed a Contract for the Transfer of Enriched Uranium (hereinafter called the "First Supply Agreement")³ for the reactor, pursuant to which a supply of enriched uranium was delivered to Finland;

WHEREAS Finland, in connection with the Project Agreement, has requested the assistance of the Agency in securing from the United States an additional supply of enriched uranium;

WHEREAS the Board of Governors of the Agency approved the additional assistance for the project on 15 June 1966;

WHEREAS the Agency and the United States on 11 May 1959 concluded an Agreement for Co-operation (hereinafter called the "Co-operation Agreement"),⁴ under which the United States undertook to make available to the Agency pursuant to its Statute⁵ certain quantities of special fissionable material; and

WHEREAS Finland has made arrangements with a manufacturer in the United States of America for the fabrication of enriched uranium into additional fuel elements for the reactor;

¹ Came into force on 8 July 1966, upon signature, in accordance with article V.
