Article I

COMMODITY SALES PROVISIONS

1. Subject to issuance by the Government of the United States of America and acceptance by EACSO of credit purchase authorizations and the availability of commodities under the Act at the time of exportation, the Government of the United States of America undertakes to finance during the period specified in the following table or such longer period as may be authorized by the Government of the United States of America, sales for United States dollars, to purchasers authorized by EACSO of the following commodities :

<i>Commodity</i>	<i>Supply Period</i>	<i>Approximate Maximum Quantity (metric tons)</i>	<i>Maximum Export Market Value To be Financed (\$1,000)</i>
Wheat	U.S. Calendar Year 1966	50,000	\$2,910
Ocean transportation (estimated).			664
			<u>\$3,574</u>

The total amount of financing provided in the credit purchase authorizations shall not exceed the above-specified export market value to be financed, except that additional financing for ocean transportation will be provided if the estimated amount for financing shipments required to be made on the United States flag vessels proves to be insufficient. It is understood that the Government of the United States of America will, as price declines or other marketing factors may require, limit the amount of financing provided in the credit purchase authorizations so that the quantities of commodities financed will not substantially exceed the above-specified approximate maximum quantities.

2. Credit purchase authorizations will include provisions relating to the sale and delivery of such commodities and other relevant matters.

3. The financing, sale, and delivery of commodities hereunder may be terminated by any party to this Agreement if that party determines that because of changed conditions the continuation of such financing, sale, and delivery is unnecessary or undesirable.

Article II

CREDIT PROVISIONS

1. Each of the East African Governments will pay or cause to be paid in United States dollars to the Government of the United States of America for

the commodities specified in Article I and related ocean transportation (except excess ocean transportation costs resulting from the requirement that United States flag vessels be used), one-third of the total amount financed by the Government of the United States of America together with interest thereon.

2. The principal amount due for commodities delivered in each calendar year under this Agreement, including the applicable ocean transportation costs related to such deliveries, shall be paid in 19 approximately equal annual payments, the first of which shall become due two years after the date of last delivery of commodities in such calendar year. Any annual payment may be made prior to the due date thereof.

3. Interest on the unpaid balance of the principal amount due the Government of the United States of America for commodities delivered in each calendar year shall begin on the date of the last delivery of commodities in such calendar year and be paid not later than the date on which the annual payment of principal becomes due. The interest shall be computed at the rate of one percent per annum during the period from the date of last delivery of commodities in such calendar year to the due date of the first annual payment of principal and at two and a half percent per annum thereafter.

4. All payments shall be made in United States dollars and the East African Governments shall deposit or cause to be deposited such payments in the United States Treasury for credit to the Commodity Credit Corporation, unless another depository is agreed upon by the United States and East African Governments.

5. The parties to this Agreement will each establish appropriate procedures to facilitate the reconciliation of their respective records of the amounts financed with respect to the commodities delivered during each calendar year. Any discrepancies between the amounts of commodities received by each of the three East African countries parties to this Agreement and one-third of the total amount financed by the Government of the United States of America will be a matter for adjustment among the East African Governments and will not reduce or postpone their individual obligations to pay the Government of the United States of America.

6. For the purpose of determining the date of the last delivery of commodities for each calendar year, delivery shall be deemed to have occurred as of the on-board date shown in the ocean bill of lading which has been signed or initialed on behalf of the carrier.

Article III

GENERAL PROVISIONS

1. The East African Governments will take all possible measures to prevent the resale or transshipment to countries other than Kenya, Tanzania and Uganda

or the use for other than domestic consumption of the agricultural commodities purchased pursuant to this Agreement; to prevent the export of any commodity of either domestic or foreign origin which is the same as or like the commodities purchased pursuant to this Agreement during the period said commodities are being received and utilized (except where such export is specifically approved by the Government of the United States of America); and to ensure that the purchase of commodities pursuant to this Agreement does not result in increased availability of these or like commodities to nations unfriendly to the United States of America.

2. The parties to this Agreement will take reasonable precautions to assure that sales or purchases of commodities pursuant to this Agreement will not displace cash marketings of the United States of America in these commodities or unduly disrupt world prices of agricultural commodities or normal patterns of commercial trade of countries friendly to the United States of America.

3. The parties to this Agreement, in carrying out its provisions, will seek to assure, to the extent practicable, conditions of commerce permitting private traders to function effectively and will use their best endeavors to develop and extend continuous market demand for commodities.

4. The East African Governments will furnish, upon request of the Government of the United States of America, information on the progress of the program including the arrival and condition of commodities, imports of commodities purchased from the United States of America or other countries friendly to the United States of America in addition to commodities financed under this Agreement, and any exports of the same or like commodities.

Article IV

CONSULTATIONS

The parties to this Agreement will, upon request of any of them, consult regarding any matter relating to the application of this Agreement or to the operation of arrangements entered into pursuant to this Agreement.

Article V

The Agreement shall be signed on behalf of each party and shall enter into force on the date on which the last signature affixed.
