I

The American Ambassador to the Paraguayan Minister of Foreign Affairs

No. 383

Asunción, April 11, 1966

Excellency :

I have the honor to refer to conversations between representatives of our two Governments concerning the furnishing of additional military assistance by the Government of the United States of America to the Government of Paraguay within the context of current inter-American arrangements for joint action in the maintenance of peace and security in the Western Hemisphere. I now propose the following understandings with respect to such assistance.

1. One Paraguayan Army Special Task Force is selected by representatives of our two Governments. The military mission of this Task Force shall be mutually agreed from time to time. Any items which may be furnished to the Paraguayan Army Special Task Force under the present Agreement are furnished solely to promote the capability of the Task Force to carry out the agreed mission, and shall be furnished subject to the terms and conditions of applicable United States laws and regulations and to such other conditions as may be specified in arrangements between representatives of our two Governments. No equipment, materials, and services provided under this Agreement shall be used for any purpose other than that for which originally furnished, or transferred to, or used by, anyone not an officer, employee or agent of the Government of Paraguay, without the prior consent of the Government of the United States of America. The Government of Paraguay will provide substantially the same degree of security protection as that afforded to such equipment, materials, and services by the Government of the United States of America.

2. The Government of Paraguay will, as the United States may require, permit continuous observation and review by, and furnish necessary information to, representatives of the Government of the United States of America with regard to the use of such equipment, materials, and services, and will offer for return to the United States such equipment and materials when no longer needed for the purpose for which furnished.

I have the honor to propose that, if these understandings are acceptable to the Government of Paraguay, the present note and your note in reply concurring
