Sir :

I have the honor to refer to recent conversations between representatives of our two Governments and to propose the following understandings with respect to the men and women of the United States of America who volunteer to serve in the Peace Corps and who, at the request of your Government, would live and work for periods of time in St. Lucia.

The Volunteers will work under the immediate supervision of governmental or private organizations in St. Lucia designated by our two Governments. The Government of the United States will provide training to enable the Volunteers to perform more effectively their agreed tasks.

2. The Government of St. Lucia will accord equitable treatment to the Volunteers and their property ; afford them full aid and protection, including treatment no less favorable than that accorded generally to nationals of the United States residing in St. Lucia ; and fully inform, consult and cooperate with representatives of the Government of the United States with respect to all matters concerning them. The Government of St. Lucia will exempt the Volunteers from all taxes on payments which they receive to defray their living costs and on income from sources outside St. Lucia, from all customs duties or other charges on their personal property introduced into St. Lucia for their own
