No. 8964. PROJECT AGREEMENT¹ BETWEEN THE INTERNATIONAL ATOMIC ENERGY AGENCY AND THE GOVERNMENT OF THE UNION OF BURMA REGARDING ARRANGEMENTS FOR THE TRANSFER OF RADIOTHERAPY EQUIPMENT. SIGNED AT VIENNA, ON 10 AUGUST 1967, AND AT RANGOON, ON 11 OCTOBER 1967

WHEREAS the Government of the Union of Burma (hereinafter called "Burma"), desiring to reequip and expand the facilities for radiotherapy at the Sao San Htun Hospital at Taunggyi in the Southern Shan States, has requested the assistance of the International Atomic Energy Agency (hereinafter called the "Agency") in securing radioisotopes and radiotherapy equipment therefor;

WHEREAS the Government of the Union of Soviet Socialist Republics (hereinafter called the "Soviet Union") has offered to make available to the Agency free of charge equipment for radiotherapy centres;

WHEREAS Burma has informed the Agency that the equipment offered by the Soviet Union would meet its needs;

WHEREAS the Soviet Union has informed the Agency of its readiness, pursuant to a decision by the Board of Governors of the Agency, to deliver that equipment to Burma; and

WHEREAS the Board of Governors of the Agency approved the project on 24 February 1966, and authorized the Director General to conclude with Burma a Project Agreement;

The Agency and Burma hereby agree as follows:

Article I

Section 1. The Agency will facilitate arrangements for the transfer to Burma of the following equipment: a Rum-7 short-focus X-ray unit and a 4000-curie Luch radiocobalt unit (together hereinafter called the "supplied equipment").

Section 2. The supplied equipment will be installed at the Sao San Htun Hospital at Taunggyi.

¹ Came into force on 11 October 1967 by signature, in accordance with article VIII.
