Article I

SCOPE OF THE AGREEMENT

1. This Agreement embodies the conditions under which the Organizations shall provide the Government with the services of officers to perform functions of an operational, executive and administrative character, as civil servants or other comparable employees of the Government (hereinafter referred to as "the Officers"). It also embodies the basic conditions which shall govern the relationship between the Government and the Officers. The Government and the Officers shall enter into contracts between themselves, or adopt such other arrangements as may be appropriate concerning their mutual relationships in conformity with the practice of the Government in regard to its own civil servants or other comparable employees. However, any such contracts or arrangements shall be subject to the provisions of this Agreement, and shall be communicated to the Organizations concerned.

2. The relationship between each Organization and the officers provided by it shall be defined in contracts which the organization concerned shall enter into with such officers. A copy of the form of contract which the organizations intend using for this purpose is transmitted herewith to the Government for its information, as Annex I² to this Agreement. The organizations undertake to furnish the Government with a copy of each such contract within one month after it has been concluded.
