Sir,

I have the honour to refer to conversations between representatives of the Government of Trinidad and Tobago and representatives of the Government of the United States of America relating to the possibility of concluding an agreement between the two Governments with a view to the reciprocal granting of authorization to permit licensed amateur radio operators of either country to operate their stations in the other country, in accordance with the provisions of Article 41 of the International Radio Regulations, Geneva, 1959.² It is proposed that an agreement with respect to this matter be concluded as follows:

1. An individual who is licensed by his Government as an amateur radio operator and who operates an amateur radio station licensed by such Government shall be permitted by the other Government, on a reciprocal basis and subject to the conditions stated below, to operate such station in the territory of such other Government.
2. The individual who is licensed by his Government as an amateur radio operator shall, before being permitted to operate his station as provided for in paragraph 1, obtain from the appropriate administrative agency of the other Government an authorization for that purpose.

¹ Came into force on 16 March 1967 by the exchange of the said notes.
