WHEREAS the International Atomic Energy Agency (hereinafter "the Agency") is recognized as the agency responsible, under the auspices of the United Nations, for international activities concerned with the peaceful uses of atomic energy;

WHEREAS the Organization of African Unity (hereinafter "the Organization") was established with the purpose, among others, of co-ordinating and promoting co-operation in scientific matters within Africa, as part of the efforts undertaken to strengthen unity among the peoples of Africa and give them better living conditions, and that these matters have now been entrusted to the Educational, Scientific, Cultural and Health Commission;

WHEREAS the General Conference of the Agency, on 18 September 1964, adopted Resolution GC(VIII)/RES/179 calling for the conclusion of an agreement establishing close collaboration between the Agency and the Scientific, Technical and Research Commission, which has since become the Educational, Scientific, Cultural and Health Commission;

NOW, THEREFORE, the Agency and the Organization have decided to conclude an agreement for co-operation and have agreed as follows:

Article 1

CO-OPERATION AND CONSULTATION

1. With a view to facilitating attainment of the objectives of the Agency as set forth in its Statute, namely to accelerate and enlarge the contribution of atomic energy to peace, health and prosperity throughout the world, and the objectives of the Organization as set forth in its Charter, namely to co-ordinate and promote co-operation in scientific matters within Africa, the Agency and the Organization agree to maintain close co-operation and to consult regularly in regard to matters of common interest.
2. Accordingly, when either organization proposes to initiate a programme or activity on a subject in which the other organization has or may have a substantial interest, it shall consult the latter organization with a view to harmonizing their efforts as far as possible, taking into account their world-wide and continental responsibilities respectively.
