No. 846. EXCHANGE OF NOTES CONSTITUTING AN AGREEMENT¹ BETWEEN THE UNITED STATES OF AMERICA AND MEXICO RELATING TO A CO-OPERATIVE PROGRAM FOR THE ESTABLISHMENT OF WEATHER STATIONS IN MEXICO. MEXICO, D.F., 29 MARCH AND 15 AUGUST 1949

I

*The American Ambassador
to the Mexican Acting Minister for Foreign Relations*

EMBASSY OF THE UNITED STATES OF AMERICA

Mexico, D. F., March 29, 1949

No. 3045

Excellency :

I have the honor to refer to conversations which have taken place between representatives of the Government of the United States of America and representatives of the Government of the United Mexican States regarding the desirability of continuing the cooperative program established in 1942 for the establishment and operation of surface, winds aloft, and radiosonde observation stations in Mexico.

It is my understanding that these conversations have resulted in agreement upon a program for continuation of a cooperative meteorological observation program to be carried on by the Weather Bureau, Department of Commerce, on behalf of the Government of the United States of America and by the Mexican Meteorological Service on behalf of the Government of the United Mexican States, in accordance with the following principles :

1. *Cooperating Agencies*—The cooperating agencies shall be (1) for the Government of the United States of America, the Weather Bureau, Department of Commerce, hereinafter referred to as the United States Cooperating Agency, and (2) for the Government of the United Mexican States, the Mexican Meteorological Service, hereinafter referred to as the Mexican Cooperating Agency.

¹ Came into force on 20 October 1949, with retroactive effect as from 1 July 1948, by the exchange and according to the terms of the said notes.
