No. 3476. AGREEMENT<sup>1</sup> BETWEEN THE UNITED STATES OF AMERICA AND JAPAN FOR THE LOAN OF UNITED STATES NAVAL VESSELS TO JAPAN. SIGNED AT TOKYO, ON 14 MAY 1954

---

WHEREAS the Government of the United States of America and the Government of Japan have concluded a Mutual Defense Assistance Agreement ;<sup>2</sup>

WHEREAS the Government of Japan is desirous of obtaining a loan of certain naval vessels from the Government of the United States of America ; and

WHEREAS the Government of the United States of America is prepared to loan such naval vessels to the Government of Japan ;

The two Governments have agreed as follows :

*Article I*

The Government of the United States of America will lend to the Government of Japan and the Government of Japan will accept for the period and upon the terms and conditions stated in this Agreement the vessels identified in listings annexed hereto as Annex A,<sup>3</sup> or which in the future may be annexed hereto by agreement between the Government of the United States of America and the Government of Japan.

*Article II*

The Government of Japan will retain possession of such vessels and will use them in accordance with the provisions contained in the Mutual Defense Assistance Agreement between the United States of America and Japan, signed at Tokyo on March 8, 1954.<sup>2</sup>

*Article III*

This loan shall remain in effect for a period of not more than five years after the date of delivery of the vessels loaned under this Agreement. Six months before the termination of this period, however, the two Governments will, if requested by the Government of Japan, consult as to the advisability and feasibility of extending the loan for an additional period to be mutually agreed upon, but not to exceed five years. The Government of the United States of America

---

<sup>1</sup> Came into force on 5 June 1954 by the notification to the Government of the United States of America by the Government of Japan of the ratification of the Agreement by Japan, in accordance with article X.

<sup>2</sup> United Nations, *Treaty Series*, Vol. 232, p. 169.

<sup>3</sup> See p. 294 of this volume.

may, nevertheless, request the return of any vessel loaned under this Agreement at an earlier date if such action is necessitated by its own defense requirements, in which event the Government of Japan will promptly redeliver the vessel or vessels in accordance with Article VIII of this Agreement.

#### *Article IV*

Each vessel, together with its available on-board spares and allowances, including consumable stores and fuel, will be delivered to the Government of Japan at such place and time as may be mutually agreed upon, the delivery to be evidenced by a delivery certificate. The Government of Japan shall have the use of all outfitting, equipment, appliances, fuel, consumable stores and spare and replacement parts on board the vessels at the time of their delivery.

#### *Article V*

While the Government of Japan may place the vessels under its own flag, the title to the vessels, and to the appurtenances referred to in Article IV of this Agreement, except fuel, consumable stores, and spare and replacement parts, shall remain in the Government of the United States of America. The Government of Japan may, for operational purposes and at its own expense, alter the fittings of the vessels without affecting the title of the United States of America to the vessels. The Government of Japan will before the vessels are returned restore, at its own expense, any fittings so altered to the specifications to which they corresponded before such alteration, unless otherwise agreed.

#### *Article VI*

The Government of Japan shall not, without the consent of the Government of the United States of America, relinquish physical possession of the vessels, equipment, outfitting, appliances or spare and replacement parts on board or disclose any plan, specification, or other information pertaining thereto to any one not an officer, employee, or agent of the Government of Japan. The Government of Japan will take such security measures with respect to the equipment on board the vessels as would guarantee the same degree of security and protection as provided in the United States of America.

#### *Article VII*

The Government of Japan renounces all claims which may arise against the Government of the United States of America in connection with the transfer, use or operation of the vessels, and will hold the Government of the United States of America harmless from any claim asserted by third parties in such connection.
